**Subject:** CCTE Leadership Product Review Discussions: Spreadsheet  
**Attachments:** CCTE Management StRAP 4 Product Proposal Review and Analysis 220308.xlsx

Hi CCTE Senior Leadership, Science Advisors, ACDs, and ADDs,  
Thank you for taking the time to contribute reviews the 728 product proposals submitted into RAPID.

Please find the attached spreadsheet developed to guide our two (2 hour) product proposal review discussions scheduled for Wed (3/9) and Thur (3/10). We will focus our discussions primarily on products which received Bin 3 ratings. Therefore, **the ask is to come to the meetings having reviewed these products and prepared to succinctly share your feedback for us to come to agreement on a final center rating/bin.** Division Directors, if the product contacts/contributors are from your Division, you may want to take note if there is any feedback from your BCs that you want to follow-up with them on or share on their behalf during our calls.

**To filter and view the main products for discussion, detailed instructions are included in the “Workflows” tab of the attached.** Additional specific products proposals that received Bin 2s, such as that did not use the budget estimator tool, will also be discussed as time permits.

Please reach out to John Kenneke, who developed this spreadsheet (thanks JFK!) , if you have specific questions on its functionality.

Thanks,  
Jill
